POSITIVE PEDAGOGY IN HE

DEVELOPMENT PROJECT OVERVIEW

Project design
STEP 01

Gather project team, decide research aims, design project and questionnaires, gain ethical approval, prepare for teaching.

The Research
STEP 02

More active teaching, assessment and feedback approaches implemented. Questionnaires given at the start, middle and end of module.

Data analysis
STEP 03

Quantitative and qualitative data is compiled and analysed.

Project debrief
STEP 04

Project team reviews data and highlights the main themes and patterns in the data.

Dissemination
STEP 05

Prepare to share our project story through multiple channels.
